DETAILED ACTION

The following is an examiner's statement of reasons for allowance:

Claims 31-48 are allowable over the prior art of record because the prior art of record fails to teach or fairly suggest adding said vector to a classification chain data structure, wherein a human adds a new subject of perceptual properties to the classification chain data structure defined by the new unclassified data structure, as detailed in independent claim 31 and similar in independent claim 41.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
